

Alliance4Democracy (A4D), a grassroots non-partisan organization on the Sunshine Coast of BC, has been working on a number of democratic issues since 2012. A particular focus in the last several years has been towards getting some form for Proportional Representation accepted as our voting system. We are therefore, excited by the current initiative and hopeful that the referendum by the BC government will successfully modernize our electoral system to a form of Proportional Representation.

We fully support the excellent presentations of Fair Vote Canada, the Make Every vote Count Society, The Broadbent Institute, the Canadian Centre for Policy Alternatives and Elizabeth May.

Alliance4Democracy thoroughly endorses the summary of recommendations made by Fair Vote Canada (BC Steering Committee) and we urge you to adopt them.

Thank you for your time and attention.

Lynn Chapman

Alliance4Democracy Co-Chair
