

Kitsumkalum Treaty: A Living Agreement

Note

June 20, 2025

The draft Kitsumkalum Treaty was initialed (“Initialled Version”) on June 25, 2024 by the Chief Negotiators of Kitsumkalum, Canada and British Columbia, subject to the understandings identified at the beginning of the Initialled Version.

The Parties have completed further technical review of the Initialled Version and resolved matters that were outstanding at the time of the initialling and the Chief Negotiators for the Parties have agreed on changes to the Initialled Version.

This version of the Kitsumkalum Treaty (“Ratification Version”) replaces the Initialled Version.

This Ratification Version is subject to the following understandings:

1. There may be changes to the Ratification Version as a result of engagement with Kitsumkalum members, ongoing Crown consultation with neighbouring Nations, and internal Kitsumkalum, federal and provincial approval processes. Changes will be available for review by Eligible Voters.
2. After the Treaty Ratification Vote on this Agreement by Kitsumkalum, but before the Parties sign this Agreement, the Chief Negotiators on behalf of each Party may agree to minor changes to this Agreement in accordance with paragraph 99 of Chapter 1 General Provisions.
3. Before the Effective Date, the Chief Negotiators for each Party may agree to changes to this Agreement, the Appendices and the Atlas to update information or correct any editing, grammatical or typographical errors and any updated information or corrections may be incorporated in the printing of this Agreement and the Appendices after the Effective Date in accordance with paragraph 100 of Chapter 1 General Provisions.

15. This Agreement prevails to the extent of any inconsistency or Conflict with Federal or Provincial Law.
16. Federal Treaty Implementation Legislation prevails to the extent of any inconsistency or Conflict with other Federal Law.

19. Any licence, permit, or other authorization to be issued by Canada or British Columbia under this Agreement will be issued under Federal or Provincial Law and will not be part of this Agreement, and this Agreement prevails to the extent of any inconsistency with the licence, permit or other authorization.

Relationship of Laws

20. Notwithstanding any other rule of priority in this Agreement, in the event of a Conflict between a Federal or Provincial Law and a Kitsumkalum Law that has an incidental effect on an area of jurisdiction over which Kitsumkalum:
- (a) does not have law-making authority under this Agreement; or
 - (b) does have law-making authority under this Agreement but for which Federal or Provincial Law prevails to the extent of a Conflict,

Federal or Provincial Law prevails with respect to the incidental effect to the extent of the Conflict.

21. Notwithstanding any other rule of priority in this Agreement, Federal Law in relation to peace, order and good government, criminal law, human rights, the protection of the health and safety of all Canadians, or other matters of overriding national importance prevails to the extent of any Conflict with Kitsumkalum Law.
22. Canada will recommend to Parliament that Federal Treaty Implementation Legislation include a provision that, to the extent that a Provincial Law does not apply of its own force to Kitsumkalum, Kitsumkalum Members, Kitsumkalum Lands, Kitsumkalum Coastal Site Lands, the Miller Bay Parcel, Kitsumkalum Government, Kitsumkalum Public Institutions or Kitsumkalum Corporations, that Provincial Law will, subject to the Federal Treaty Implementation Legislation and any other Act of Parliament, apply in accordance with this Agreement to Kitsumkalum, Kitsumkalum Members, Kitsumkalum Government, Kitsumkalum Public Institutions, Kitsumkalum Corporations, Kitsumkalum Lands, Kitsumkalum Coastal Site Lands and the Miller Bay Parcel, as the case may be.
23. Unless otherwise provided in this Agreement, Kitsumkalum Law does not apply to Canada or British Columbia.
24. Paragraph 23 does not preclude Federal Law from providing for the application of Kitsumkalum Law to Canada or Provincial Law from providing for the application of Kitsumkalum Law to British Columbia.
25. Notwithstanding paragraph 23, Kitsumkalum Law applies to agents of Canada or British Columbia on Kitsumkalum Lands acting outside the purposes for which they are agents of Canada or British Columbia.
26. Kitsumkalum Law is of no force or effect to the extent of an inconsistency or Conflict with this Agreement.
27. For greater certainty, Kitsumkalum law-making authorities set out in this Agreement do not extend to criminal law and procedure, Intellectual Property, official languages of Canada, aeronautics, navigation, shipping, and labour relations and working conditions.

28. Nothing in this Agreement affects the public right of navigation.

International Legal Obligations

29. Prior to expressing consent to be bound by an International Treaty that would give rise to a new International Legal Obligation, Canada will Consult Kitsumkalum, separately or through a forum or means as appropriate, if compliance with the new International Legal Obligation may adversely affect a right of Kitsumkalum under this Agreement.
30. If, due to a Kitsumkalum Law or other exercise of governmental authority of Kitsumkalum, Canada is or may be unable to comply with an International Legal Obligation, Canada and Kitsumkalum will collaborate to ensure that Canada is able to comply with the International Legal Obligation, taking into account the importance of the Parties complying with this Agreement.
31. For greater certainty, for the purposes of paragraph 30, Kitsumkalum Laws or other exercises of governmental authority cover both acts and omissions that can result in Canada being in violation of its International Legal Obligations.
32. Dispute resolution under Chapter 29 Dispute Resolution is not available to seek:
- (a) a determination regarding Canada's compliance with an International Legal Obligation;
 - (b) a review of any determination by an International Tribunal concerning Canada's compliance with an International Legal Obligation; or
 - (c) a review of any advice, recommendation or views by an international body concerning Canada's compliance with an International Legal Obligation.

Application of the *Indian Act*

33. Except for the purposes of determining whether an individual is an Indian, and subject to:
- (a) Chapter 30 Transition;
 - (b) Chapter 24 Tax; and
 - (c) if applicable, paragraph 2(b) of Chapter 3 Kitsumkalum Lands,
- the *Indian Act* does not apply to Kitsumkalum, Kitsumkalum Members, Kitsumkalum Institutions, Kitsumkalum Lands, Kitsumkalum Coastal Site Lands or the Miller Bay Parcel.
34. Subject to paragraph 6 of Chapter 30 Transition, the Framework Agreement on First Nation Land Management, the *Framework Agreement on First Nation Land Management Act* and the *Kitsumkalum Land Code* do not apply to Kitsumkalum, Kitsumkalum Institutions, Kitsumkalum Members or Kitsumkalum Lands.
35. For as long as the Framework Agreement on First Nation Land Management is in effect and has the force of law, Canada will indemnify Kitsumkalum, and Kitsumkalum will indemnify Canada, in relation to Former Kitsumkalum Indian Reserves, in the same manner and under the same conditions as would be the case if the Framework Agreement on First Nation Land Management applied to those lands.

36. For greater certainty, nothing in this Agreement will prevent a Kitsumkalum Member from being registered as an Indian if that individual is entitled to be registered in accordance with the *Indian Act*.

Other Rights, Benefits and Programs

37. This Agreement does not affect the ability of Kitsumkalum Members to enjoy rights and benefits for which they would be eligible as Canadian citizens or permanent residents of Canada.
38. Subject to paragraph 39, nothing in this Agreement affects the ability of Kitsumkalum, Kitsumkalum Institutions, Kitsumkalum Corporations or Kitsumkalum Members to participate in, or benefit from, federal or provincial programs for Aboriginal people, registered Indians or other Indians, in accordance with general criteria established for those programs from time to time.
39. Kitsumkalum Members are eligible to participate in programs established by Canada or British Columbia, and to receive public services, including health, education, and social services, from Canada or British Columbia, in accordance with criteria established for those programs or services from time to time, to the extent that Kitsumkalum has not assumed responsibility for those programs or public services under a Fiscal Arrangement or Fiscal Provision.
40. Nothing in this Agreement affects the ability of Kitsumkalum, Kitsumkalum Institutions, Kitsumkalum Corporations or Kitsumkalum Members to apply for or bid on any commercial, economic or other activity or project for which they would otherwise be eligible.
41. Nothing in this Agreement precludes Kitsumkalum from entering into arrangements for economic opportunities, including economic benefit agreements with third parties.

Court Decisions

42. If a superior court of a province, the Federal Court of Canada, or the Supreme Court of Canada finally determines that any provision of this Agreement is invalid or unenforceable:
- (a) the Parties will make best efforts to amend this Agreement to remedy or replace the provision; and
 - (b) the provision will be severable from this Agreement to the extent of the invalidity or unenforceability, and the remainder of this Agreement will be construed, to the extent possible, to give effect to the intent of the Parties.
43. No Party will challenge, or support a challenge to, the validity of any provision of this Agreement.
44. A breach of this Agreement by a Party does not relieve any Party from its obligations under this Agreement.

Recognition and Predictability

45. Canada and British Columbia recognize that Kitsumkalum has Aboriginal rights within Kitsumkalum's traditional territory, as recognized and affirmed by section 35 of the *Constitution Act, 1982*.
46. For greater certainty, the Aboriginal rights of Kitsumkalum include Aboriginal title and the inherent right of self-government, as recognized and affirmed by section 35 of the *Constitution Act, 1982*, and Kitsumkalum has advised Canada and British Columbia that the Aboriginal rights of Kitsumkalum, including Aboriginal title and the right to self-government, are rooted in the Kitsumkalum *Adawx* (History and Tradition).
47. The Parties agree that this Agreement is intended to achieve flexibility, clarity and predictability in providing for the implementation of those rights as part of an ongoing relationship between Kitsumkalum, Canada and British Columbia, by setting out:
 - (a) the Kitsumkalum Exercisable Section 35 Rights, their attributes, the geographic extent of those rights, and the limitations to those rights, to which the Parties have agreed; and
 - (b) processes as set out in Chapter 31 Amendment and Chapter 2 Periodic Renewal and Orderly Process, by which Aboriginal rights of Kitsumkalum, or attributes or geographic extent of those rights, that are not exercisable or assertable pursuant to paragraph 49 may become Kitsumkalum Exercisable Section 35 Rights.
48. Nothing in this Agreement or the Treaty Implementation Legislation modifies or extinguishes any Aboriginal rights of Kitsumkalum, and Canada and British Columbia will not assert against Kitsumkalum that any Aboriginal rights of Kitsumkalum are modified, surrendered or extinguished as a result of this Agreement or the Treaty Implementation Legislation.
49. Kitsumkalum will only exercise or assert Kitsumkalum Exercisable Section 35 Rights.
50. The purpose of paragraph 49 is to ensure that as of the Effective Date:
 - (a) Kitsumkalum can assert and exercise Kitsumkalum Exercisable Section 35 Rights; and
 - (b) Canada, British Columbia and all other persons can exercise their rights, authorities, jurisdictions and privileges in a manner that is consistent with this Agreement, and do not have any obligations, including any fiduciary duties or duty to consult, in relation to any Aboriginal rights that pursuant to paragraph 49 are not exercisable or assertable.
51. Kitsumkalum releases Canada, British Columbia and all other persons from all suits, actions, claims, proceedings or demands of whatever kind, whether known or unknown, that Kitsumkalum had, has or may have in the future, relating to or arising from any act or omission:
 - (a) before the Effective Date that may have affected, interfered with or infringed any Aboriginal rights of Kitsumkalum; and

- (b) on or after the Effective Date that may have affected, interfered with or infringed any Aboriginal rights of Kitsumkalum that pursuant to paragraph 49 are not exercisable or assertable.
52. For greater certainty, paragraph 51 includes any suits, actions, claims, proceedings or demands based on the duty to consult in relation to the matters set out in paragraph 51(a) and 51(b).
53. For greater certainty, the releases in paragraph 51 are not intended to affect any rights and recourses that Kitsumkalum may have in relation to suits, actions, claims, proceedings or demands, including as these may relate to railways, including railway corridor lands through the Former Kitsumkalum Indian Reserves, that have not been resolved pursuant to a specific claim or otherwise, that are not based on any Aboriginal rights of Kitsumkalum.
54. The Parties will not challenge, and will vigorously defend any challenge to, the validity or legal effectiveness of Kitsumkalum's agreement not to assert or exercise Aboriginal rights of Kitsumkalum that are other than, or different in attributes, geographic extent or limitations from, the Kitsumkalum Exercisable Section 35 Rights.

Specific Claims and Other Claims

55. Notwithstanding any other provision of this Agreement, nothing in this Agreement precludes Kitsumkalum from pursuing any claims that fall within the scope of Canada's Specific Claims Policy, in accordance with that policy, the *Specific Claims Tribunal Act*, or in court, including any claims respecting Casey Point, Barrett Rock, or Dzadaedil's (Watson Island).
56. For greater certainty, if Kitsumkalum pursues a specific claim in court, Canada reserves the right to plead all defences available to it, and Kitsumkalum reserves the right to make all possible counter arguments available to it.
57. Claims referred to in paragraph 55 will not result in any land being declared to be, or being set aside as, "Lands reserved for the Indians" within the meaning of the *Constitution Act, 1867* for Kitsumkalum or an Indian Reserve for the use and benefit of Kitsumkalum.

Other Aboriginal Peoples

58. This Agreement will not affect, recognize or provide any rights under section 35 of the *Constitution Act, 1982* for any Aboriginal people other than Kitsumkalum.
59. If a superior court of a province, the Federal Court of Canada or the Supreme Court of Canada finally determines that any Aboriginal people, other than Kitsumkalum, has a right under section 35 of the *Constitution Act, 1982* that is adversely affected by a provision of this Agreement:
- (a) that provision will operate and have effect to the extent it does not adversely affect that right; and
- (b) if the provision cannot operate and have effect in a way that it does not adversely affect that right, the Parties will make best efforts to amend this Agreement to remedy or replace that provision.

60. If Canada or British Columbia enters into a treaty or a land claims agreement, within the meaning of sections 25 and 35 of the *Constitution Act, 1982*, with any other Aboriginal people and that treaty or land claims agreement adversely affects a Kitsumkalum Exercisable Section 35 Right, Canada or British Columbia, or both, as the case may be, will provide Kitsumkalum with additional or replacement rights or other appropriate remedies.
61. At the request of Kitsumkalum, the Parties will negotiate and attempt to reach agreement on the provision of those additional or replacement rights or other appropriate remedies under paragraph 60.

Consultation

62. Canada and British Columbia acknowledge that they have a duty to consult and, if appropriate, accommodate Kitsumkalum regarding Contemplated Crown Conduct that may adversely affect Kitsumkalum Exercisable Section 35 Rights.
63. British Columbia and Canada will carry out consultation, as set out in paragraphs 62 to 75, with the aim of securing the free, prior and informed consent of Kitsumkalum.
64. The Parties have considered and designed processes and arrangements that are intended to govern the Crown's consultation obligations in relation to Contemplated Crown Conduct and agree that consultation, and, if appropriate, accommodation, will occur in accordance with the processes and arrangements contemplated under paragraphs 62 to 75.
65. Where a Specific Consultation Process applies to a particular type of Contemplated Crown Conduct, Canada or British Columbia, as applicable, and Kitsumkalum will rely on that process for the purposes of consultation in relation to that conduct.
66. Where there is no Specific Consultation Process applicable in relation to a particular type of Contemplated Crown Conduct, Canada or British Columbia, as applicable, will fulfill its duty to consult Kitsumkalum regarding that conduct in accordance with the process described in the term "Consult".
67. In relation to paragraphs 65 and 66, Canada or British Columbia, as applicable, and Kitsumkalum may supplement, change or replace that consultation process in relation to a particular type of Contemplated Crown Conduct by written agreement made outside of this Agreement.
68. Where Canada or British Columbia, as applicable, may have a consultation obligation in relation to Contemplated Crown Conduct but reasonably believes that an emergency exists, Canada or British Columbia may act immediately to respond to that emergency.
69. Canada or British Columbia will give notice of its intent to implement any measure to respond to an emergency, including the reasons for the measure identified under paragraph 68 to Kitsumkalum:
 - (a) before the measure is implemented if it is practicable to do so; or
 - (b) as soon as practicable after the measure is implemented.

70. Any measure implemented by Canada or British Columbia to reasonably respond to an emergency pursuant to paragraph 68 shall only be in force for as long as necessary.
71. Canada or British Columbia will give notice to Kitsumkalum when the measure implemented pursuant to paragraph 68 is no longer in force.
72. Kitsumkalum may request that Canada or British Columbia review the continued necessity of any measure implemented pursuant to paragraph 68 and Canada or British Columbia will fully and fairly consider any such request.
73. For greater certainty, the provision of notice under paragraph 69 does not limit the ability of the Parties to discuss, while the emergency is in effect and if the circumstances so allow:
 - (a) the adequacy and effectiveness of any measure implemented pursuant to paragraph 68; or
 - (b) the interests or concerns of any Party related to that emergency measure.
74. Within 120 days from the notice given in paragraph 69, if requested by Kitsumkalum, Canada or British Columbia as applicable will meet with Kitsumkalum to discuss:
 - (a) their respective views on the implementation of the measure for purposes of future emergency planning;
 - (b) if applicable, the interests or concerns of any Party related to that emergency measure, including the impacts of the measure on the Kitsumkalum Exercisable Section 35 Rights; and
 - (c) if applicable, measures mutually agreed upon to address, mitigate or rectify the impacts of the emergency response referred to in paragraph 68.
75. The applicable Parties will participate in the processes set out in paragraphs 62 to 74 in good faith and in a timely, responsive, and meaningful way.

Interpretation

76. The provisions of this Chapter and Chapter 2 Periodic Renewal and Orderly Process prevail to the extent of any inconsistency with the provisions in the other Chapters and the Appendices.
77. Subject to paragraph 78, there is no presumption that doubtful expressions, terms or provisions in this Agreement are to be resolved in favour of any Party.
78. Any doubtful expressions, terms or provisions in this Agreement are to be interpreted in accordance with modern treaty interpretation principles, including that the text is to be interpreted in light of this Agreement as a whole and this Agreement's objectives, in a manner consistent with paragraph 8, and having regard to the shared objective of advancing reconciliation between the Parties.

81. Where an authority of British Columbia referred to in this Agreement is delegated from Canada and:
- (a) the delegation of that authority is revoked; or

- the reference to British Columbia will be deemed to be a reference to Canada.
82. Where an authority of Canada referred to in this Agreement is delegated to British Columbia, the reference to Canada will be deemed to be a reference to British Columbia.
83. Where an authority of Canada referred to in this Agreement is delegated from British Columbia and:

- the reference to Canada will be deemed to be a reference to British Columbia.
84. In this Agreement:
- (a) a reference to a statute or a regulation includes every amendment to it, any laws enacted in substitution of it or in replacement of it and every regulation made under that statute;
 - (b) unless the context requires otherwise, the use of the singular will include the plural, and the use of the plural will include the singular;

Information and Privacy

86. For the purposes of federal and provincial access to information and privacy legislation, information that Kitsumkalum provides to Canada or British Columbia in confidence is deemed to be information received or obtained in confidence from another government.
87. If Kitsumkalum requests disclosure of information from Canada or British Columbia, the request will be evaluated as if it were a request by a province for disclosure of that information, but Canada and British Columbia are not required to disclose to Kitsumkalum information that is only available to a particular province or particular provinces or that is not available to any provinces.
88. The Parties may enter into agreements in relation to any one or more of the collection, protection, retention, use, disclosure and confidentiality of personal, general or other information in accordance with any applicable legislation, including federal and provincial access to information and privacy legislation.

CHAPTER 2 – PERIODIC RENEWAL AND ORDERLY PROCESS**Periodic Renewal**

1. The Parties will conduct and implement Periodic Renewals of this Agreement in accordance with paragraphs 2 to 26.
2. The Parties will commence the first Periodic Renewal on a date agreed to by the Parties that will be no later than the tenth anniversary of the Effective Date.
3. The Parties will commence all subsequent Periodic Renewals on the Periodic Renewal Date that falls in the tenth year following the conclusion of the previous Periodic Renewal.
4. Periodic Renewals will conclude on the date that is the earlier of:
 - (a) the date agreed to by all Parties;
 - (b) 30 days following the date any Party has provided the other Parties with a notice that it is withdrawing from the Periodic Renewal; or
 - (c) the Periodic Renewal Date in respect of which the Parties did not engage in a Periodic Renewal pursuant to paragraph 6.
5. The Parties will meet at least 180 days before each Periodic Renewal Date to discuss possible agenda items and scheduling for the upcoming Periodic Renewal.
6. At least 60 days before each Periodic Renewal Date, each Party will provide the other Parties with notice if the Party wishes to address any matter contemplated by paragraphs 7 or 11, and if no notice is provided by any Party, the Parties will forego engaging in Periodic Renewal for that Renewal Period.
7. As part of the Periodic Renewal discussions, at the request of any Party, the Parties will discuss and, if requested by a Party, negotiate potential amendments to this Agreement or other measures relating to:
 - (a) the occurrence of any of the following during the Renewal Period:
 - (i) new developments in the common law related to the matters set out in this Agreement;
 - (ii) changes to federal or provincial legislation that relate directly to the matters set out in this Agreement;
 - (iii) any developments in federal or provincial policy related to the matters set out in this Agreement; or
 - (iv) innovations in other modern treaties and land claims agreements, with a view to incorporating such innovations into this Agreement, if applicable;

- (b) improving the harmonization of the legal and administrative systems, including law-making authorities that are being exercised under this Agreement, with those of British Columbia and Canada;
 - (c) changes required because of unforeseen circumstances that significantly impact:
 - (i) Kitsumkalum Exercisable Section 35 Rights; or
 - (ii) other treaty arrangements or benefits; or
 - (d) other matters in relation to the implementation of the provisions of this Agreement as the Parties may agree in writing.
8. For greater certainty, paragraph 7(a) applies to developments, changes or innovations related to:
- (a) releases in paragraph 51 in Chapter 1 General Provisions; or
 - (b) agreements between one or more Indigenous Nations and the Crown recognizing Aboriginal title,
- that also fall within one or more of the occurrences described in paragraphs 7(a)(i) to 7(a)(iv).
9. For greater certainty, paragraphs 7(a) to 7(c) apply to the Kitsumkalum Fish Allocations described in Schedule 1 of Chapter 21 Fish.
10. For greater certainty, the matters under paragraph 7(a) may include discussions regarding issues pertaining to corridors adjacent to and through Kitsumkalum Lands.
11. As part of the Periodic Renewal discussions, at the request of any Party, the Parties will review and evaluate progress on the Common Objectives and determine whether any steps, to be agreed to by the Parties, should be taken to advance those objectives.
12. For greater certainty, while the requirement to review and evaluate progress on the Common Objectives in paragraph 11 is legally binding, the Parties agree that the Common Objectives on their own do not create independently enforceable legally binding obligations and are not interpretative tools for any other purpose other than the application of the Periodic Renewal provisions.
13. The Parties acknowledge the importance of having a common agreement on the socio-economic indicators necessary to inform the review and evaluation of Common Objective (f).
14. If, at the time of the Periodic Renewal, the Parties have not reached agreement on the socio-economic indicators necessary to review and evaluate progress on Common Objective (f) and the mechanisms for measuring such indicators, the Parties will evaluate progress on Common Objective (f) based on the best available empirical data.
15. If a proposal advanced as part of Periodic Renewal relates to the fiscal relationship of the Parties set out in Chapter 25 Fiscal, the review will take place in accordance with Chapter 25 Fiscal and the review processes set out in the applicable Fiscal Arrangement or Fiscal Provision.
-

16. Unless the Parties otherwise agree, the discussions and any negotiations under paragraphs 7 or 11 will commence on the Periodic Renewal Date.
17. During a Periodic Renewal, the Parties are required to participate in the discussions and negotiations in good faith.
18. Good faith negotiations under paragraph 17 require the Parties to, among other things:
 - (a) enter into the negotiations with the goal of reaching a mutually acceptable outcome;
 - (b) provide timely disclosure of sufficient information and documents to enable a full examination of the subject matter;
 - (c) respond appropriately and in a timely manner to bargaining positions;
 - (d) not unreasonably reject a position of the other Party; and
 - (e) act consistently with the standard of good faith as articulated in the common law.
19. In assessing proposals brought forward by the Parties in a Periodic Renewal, the Parties may consider, among other things:
 - (a) whether the innovation described in paragraph 7(a)(iv) is based on such particular circumstances that it could not reasonably be applied to Kitsumkalum;
 - (b) whether the proposal in relation to a specific issue can be addressed in another forum, under another process or through other arrangements, agreed to by the Parties;
 - (c) availability of resources and lower cost alternatives that would reasonably address the Parties' interests;
 - (d) the interests and potential impact of the proposal on third parties;
 - (e) any obligations that Canada or British Columbia may have to other Indigenous groups; and
 - (f) other alternatives that would reasonably address the Parties' interests and that do not require amendment of this Agreement.
20. Within 60 days of the conclusion of a Periodic Renewal, any Party may refer the question of whether any Party failed to participate in the Periodic Renewal process in good faith to Dispute Resolution in accordance with Appendix O-5 to be finally determined by arbitration without having to go through Stage One and Stage Two.
21. If an Arbitral Tribunal determines that a Party failed to participate in a Periodic Renewal in good faith, that Party will be required to pay:
 - (a) the costs of the arbitration, as determined in accordance with Section 116 of Appendix O-5;
 - (b) the other Parties' reasonable negotiation costs in the Periodic Renewal as determined in accordance with Section 116 of Appendix O-5; and

- (c) a financial penalty of up to three times the aforementioned costs, as may be determined by the Arbitral Tribunal in accordance with Section 121 of Appendix O-5.
22. The Periodic Renewal contemplated by paragraphs 1 to 26 and all discussions and information relating to the matter of the Periodic Renewal are without prejudice to the respective legal positions of the Parties, unless the Parties otherwise agree, and nothing made or done with respect to a Periodic Renewal, including the discussions or the responses provided by the Parties, except for any amendments made pursuant to paragraph 23(b), creates any legally binding rights or obligations, including financial obligations, other than those contemplated by paragraph 21.
23. For greater certainty:
- (a) although the Parties are required to participate in the discussions and negotiations in good faith, none of the Parties are required to agree to amend this Agreement or take other measures requested by another Party as a result of the Periodic Renewal contemplated by paragraphs 1 to 26;
 - (b) if the Parties agree to amend this Agreement, any such amendment will be made in accordance with Chapter 31 Amendment; and
 - (c) if the Parties agree to amend an agreement contemplated by this Agreement, the agreement will be amended in accordance with its terms.
24. Each of the Parties will be responsible for its own costs in relation to the Periodic Renewal process, unless otherwise determined by an arbitrator.
25. The Parties may choose to engage in regional or collective Periodic Renewals, provided all Parties have agreed.
26. For greater certainty, following a final determination by an arbitrator under paragraph 20, no Party is precluded from seeking to engage in additional discussions outside of the Periodic Renewal process described in paragraphs 1 to 25, but nothing in this Agreement obligates any Party to engage in such discussions.

Orderly Process

27. Following notice from Kitsumkalum, the Parties will negotiate and attempt to reach agreement on amendments to this Agreement to incorporate an Aboriginal right into this Agreement, subject to the following conditions:
- (a) a Final Judgment of a Superior Court confirms the existence of the Aboriginal right in favour of another First Nation;
 - (b) on the Effective Date, the right, as characterized by the Final Judgment referenced in paragraph 27(a), had not yet been recognized by a Superior Court in a Final Judgment as an Aboriginal right recognized and affirmed under section 35 of the *Constitution Act, 1982*;
 - (c) the Aboriginal right relates to a matter that this Agreement is not designed to resolve; and

- (d) a *prima facie* case for the existence of the Aboriginal right can be established in favour of Kitsumkalum.
28. If, within one year following the commencement of collaborative negotiations under Stage One, the Parties:
- (a) do not agree that the conditions under paragraph 27 have been met, or
 - (b) agree that the conditions under paragraph 27 have been met, but do not agree on:
 - (i) the manner in which the Aboriginal right is to be exercised, or
 - (ii) the form and wording of the amendment,
- then, within 15 days of the conclusion of the foregoing period, a Party may refer the dispute to mediation under Stage Two.
29. If the mediation under paragraph 28 is terminated in accordance with the circumstances set out in Chapter 29 Dispute Resolution and Appendix O-2, Kitsumkalum may apply to the Supreme Court of British Columbia for a declaration that:
- (a) on the Effective Date, the right, as characterized by the Superior Court determination referenced in paragraph 27(a), had not yet been recognized in a Final Judgment of a Superior Court as an Aboriginal right that is recognized and affirmed under section 35 of the *Constitution Act, 1982* as referenced in 27(b);
 - (b) the Aboriginal right relates to a matter that this Agreement is not designed to resolve; and
 - (c) Kitsumkalum has the Aboriginal right referred to in paragraph 27(a).
30. If a Superior Court finally determines that the disputed conditions under paragraph 29 have been met, the Parties will, within one year from the date of the declaratory judgment, negotiate:
- (a) the manner in which the Aboriginal right is to be exercised having regard to the factors set out in paragraph 33, and
 - (b) the form and wording of any amendment to this Agreement which may be required for inclusion of the Aboriginal right into this Agreement.
31. If the Parties are unable to reach agreement under paragraph 28(b) or paragraph 30(a) or 30(b), the matter will be finally determined by arbitration under Stage Three.
32. Kitsumkalum may exercise the Aboriginal right when this Agreement has been amended, and this Agreement will be deemed to have been amended on:
- (a) the date that the agreement between the Parties under paragraph 27, 28 or 30, takes effect;
 - (b) the date that the decision of the arbitrator under paragraph 31 takes effect; or
 - (c) where federal or provincial legislation is required to give effect to the amendment, the date the federal or provincial legislation is brought into force.

33. Amendments to the Agreement to incorporate the Aboriginal right will:
- (a) preserve the balance of relations between the Parties and the integrity of this Agreement;
 - (b) preserve a reasonable balance between the rights of Kitsumkalum and other societal interests; and
 - (c) take into account and have no effect on the rights and interests of third parties, including other Indigenous groups.
34. If an Aboriginal right incorporated into this Agreement includes the authority to make laws:
- (a) the Kitsumkalum law-making authority will be exercised concurrently with Federal and Provincial Law; and
 - (b) unless the Parties otherwise agree, Federal and Provincial Law will prevail to the extent of a Conflict with Kitsumkalum Law made under the law-making authority incorporated into this Agreement.
35. Nothing in paragraphs 27 to 34 creates or implies any financial obligations or service delivery responsibilities for Canada or British Columbia.

14. For greater certainty, the removal of Timber from Kitsumkalum Lands in accordance with paragraph 12 does not change the ownership of that Timber.

Work Plan

15. British Columbia, a Local Government, a Railway or a Public Utility will, before commencing work pursuant to the authority set out in paragraph 12, notify Kitsumkalum, and will, at Kitsumkalum's request, deliver a workplan to Kitsumkalum describing the effect and extent of the proposed work on Kitsumkalum Lands for the approval of Kitsumkalum, which approval will not be unreasonably withheld.

39. Subject to paragraph 38(b), without preparing a Gravel Pit Development Plan, Kitsumkalum, its contractors and permittees may enter onto Provincial Crown Gravel Lands to extract and transport, without charge, sufficient quantities of Gravel from a Gravel pit that, before the Effective Date, Kitsumkalum had been using intermittently as a source of Gravel to maintain Kitsumkalum Roads and rights of way on Kitsumkalum Lands.

45. Subject to paragraph 44(b), without preparing a Gravel Pit Development Plan, British Columbia, contractors and permittees may continue to enter onto Kitsumkalum Lands to extract and transport, without charge, sufficient quantities of Gravel from a Gravel pit which before the Effective Date British Columbia had been using intermittently as a source of Gravel, to fulfill any obligations it may have to maintain Resource Roads and public rights of way in the vicinity of Kitsumkalum Lands.

6. For greater certainty, paragraph 5 will not apply where British Columbia and Kitsumkalum agree that a reasonable alternative means of public access to an area or location, to which there is a public right of access under Federal or Provincial Law, across provincial Crown land already exists.

25. Subject to paragraph 24, for a species or species group where the Kitsumkalum Fish Allocation is defined as a fixed number, and in any year where the Minister determines that the quantity of a stock or species of Fish or Aquatic Plant that is available for harvest is not sufficient to meet all anticipated allocations from that stock or species to Kitsumkalum and other Aboriginal groups for Domestic Purposes due to abundance concerns for that stock or species, the Minister will take into account recommendations from the Kitsumkalum Joint Fisheries Committee or any of the Parties and may reduce any one or more of those allocations for that year.
26. In any year, if the Kitsumkalum Joint Fisheries Committee or any Party makes a recommendation to the Minister to increase a maximum Kitsumkalum Fish Allocation described in Schedule 1, the Minister will take into account that recommendation.
27. If the Minister does not follow a recommendation referred to in paragraph 25 or 26, the Minister will provide written reasons to the Kitsumkalum Joint Fisheries Committee.
28. The annual Kitsumkalum Fish Allocation for Sockeye salmon will vary with the abundance of Skeena Sockeye salmon up to a maximum amount as per Schedule 1. The methodology to determine the annual allocation will be described in the Fisheries Operational Guidelines and will be based upon:
 - (a) a lower limit, established for conservation purposes, so when the estimated return is at or below that limit, the allocation to Kitsumkalum will be zero;
 - (b) an upper abundance level, at which point the maximum annual allocation would be reached during years of high abundance; and
 - (c) an approach or formula for determining the annual allocation when the estimated abundance is between the lower limit and the upper abundance level.

29. The annual Skeena Sockeye salmon abundance will be determined, as described in the Fisheries Operational Guidelines, using one or more of:
 - (a) a pre-season forecast;
 - (b) an in-season abundance-based model; or
 - (c) another method as appropriate.
30. When information is sufficient, Kitsumkalum and Canada will develop and apply an abundance-based formula for Skeena Chinook salmon that will be included in the Fisheries Operational Guidelines.
31. On the Effective Date, or such other date set by Kitsumkalum and Canada, Kitsumkalum and Canada will agree on a new allocation of Coho salmon different to that of Schedule 1, and Schedule 1 will be amended in accordance with the process set out in paragraph 9 of Chapter 31 Amendment.

Where Canada or Kitsumkalum proposes the establishment of an abundance-based formula, Canada and Kitsumkalum will negotiate and attempt to reach agreement on the formula, as described in the Fisheries Operational Guidelines.
33. Allocations of specific rockfish species may be determined annually by the Minister, taking into account recommendations of the Kitsumkalum Joint Fisheries Committee as appropriate.
34. The specific allocations in paragraph 32 may take into account conservation, which includes sustainability of specific rockfish species and associated area-based management measures.
35. Subject to paragraphs 33 and 34, the specific allocations of individual rockfish stocks or species will be described within the applicable Kitsumkalum Harvest Document, however, the maximum amount for the species group Rockfish set out in Schedule 1 will not be reduced.
36. If permitted and subject to the conditions of a Kitsumkalum Harvest Document or a licence, non-target stocks or species caught in Kitsumkalum commercial fisheries targeting Halibut within the Kitsumkalum Finfish Fishing Area may be retained for Domestic Purposes and will be counted against the defined maximum allocation for that stock or species in Schedule 1, unless those non-targeted stocks or species are retained under a commercial licence.
37. Any Periodic Renewal regarding Kitsumkalum Fish Allocations will be conducted in accordance with the process outlined in Chapter 2 Periodic Renewal and Orderly Process and in the Fisheries Operational Guidelines.

Allocation Disposition

38. For greater certainty, Fish and Aquatic Plants harvested under the Kitsumkalum Fishing Right for Domestic Purposes cannot be sold.

40. Any portion of an allocation designated for sale purposes pursuant to paragraph 39 has the same priority in fisheries management decisions as commercial fisheries.
41. Kitsumkalum may only harvest that portion of the Kitsumkalum Fish Allocation designated for sale purposes under paragraph 39 where:
- (a) the conditions set out in the Integrated Fisheries Management Plan approved by the Minister for initiating a commercial fishery for that species or stock are met; and

 - (b) the terms and conditions for the harvest of the Kitsumkalum portion of the declared surplus.
50. For greater certainty, nothing in paragraph 49 limits the ability of the Minister to declare a surplus of a species or stock of salmon originating in the Kitsumkalum Fishing Area in the absence of recommendations from the Kitsumkalum Joint Fisheries Committee or any Party.

31. A Party will be added as a Participant in the arbitration of a Disagreement, whether or not that Party participated in Stage One or Stage Two, upon delivering written notice to the Disputing Parties within 15 days of receiving a notice under paragraph 28(b) or a copy of a written agreement under paragraph 30.
32. Notwithstanding paragraph 31, at any time an Arbitral Tribunal may, of its own accord or on application of a Party, make an order adding a Party as a Participant, if the Arbitral Tribunal considers that:

- (a) the Disputing Parties will not be unduly prejudiced; or
- (b) the issues raised in the arbitration are materially different from those identified in the notice to arbitrate under paragraph 28 or the written agreement to arbitrate in paragraph 29,

and, in that event, the Arbitral Tribunal may make any order it considers appropriate or necessary in the circumstances in relation to conditions upon which the Party may be added, including the payment of costs.

Effect of Arbitral Award

- 33. Subject to paragraph 34, an Arbitral Award is final and binding on all Parties whether or not a Party was a Participant in the arbitration.
