**Subject:** Same pay across the province

Hello,

I am a Certified Education Assistant with School District 23 in Kelowna B.C. I am also a member of CUPE. I would like to see a standard of pay that is consistent across the province for our jobs. Also, as 10 month district employees we do not have any discretionary days and/or are not able to take any time off without pay for personal reasons.

Thank you for your time
