Dear Ms. Patterson,

The BC Poultry Association (BCPA) represents all regulated poultry producers in the province and its members are the BC Chicken Growers Association, the BC Turkey Association, the BC Egg Producers Association and the BC Broiler Hatching Egg Association. The BCPA represents the regulated BC poultry associations on common issues that strengthen and improves the well-being of regulated poultry farmers.

The BCPA fully endorses the Employers' Forum on WorkSafe final report and the joint Employer Community submission to the Workers' Compensation System Review. Balanced WorkSafe policies and practices support healthy, safe and productive workplaces. A safe workplace is a basic right for every worker in the workplace.

The BCPA fully supports the four key elements required to maintain and increase their confidence in the B.C. workers' compensation system identified by the Employer Community:

1. Sustainable costs for the funding of the workers' compensation system
2. Consistent, predictable and clear decision-making
3. Effective and timely communications
4. Competent and knowledgeable staff

Thank you for this opportunity to provide feedback on this very important issue.

Yours Truly,
