Dear Ms. Patterson,

This is to advise you that the Progressive Contractors Association of Canada (PCA) endorses the document "An addendum to the Employer Community Submission to the Worker's Compensation System Review" submitted by Doug Alley, Managing Director of the The Employers' Forum on July 30, 2019.

PCA is the voice of progressive unionized employers in Canada's construction industry. Our member companies employ more than 25,000 skilled construction workers across Canada, represented primarily by progressive labour unions. PCA provides advocacy, labour-management advice, networking opportunities, and organizational services to its member community.

Should you have further questions, please feel free to contact me, Paul de Jong, President, at [pdejong@pcac.ca](mailto:pdejong@pcac.ca) or 403 620 3781.

Sincerely,

Paul de Jong  
President  
Progressive Contractors Association of Canada

cc. Tim McEwen, Vice President, ICBA
