

AGENDA

Columbia River Treaty Virtual Information Session

Exploring Ecosystem Improvements through the Columbia River Treaty

June 15, 2022 at 6:00 – 8:00 pm Pacific Time / 7:00 – 9:00 pm Mountain Time via Zoom

This session will provide an overview of Indigenous-led research and assessments underway to determine how Columbia River Treaty reservoir and river operations might be modified to improve aquatic and riparian ecosystems in the B.C. portion of the Columbia Basin. Questions will be answered after each presentation and again at the end of the event.

Times are in Pacific Time and are approximate
