BOX 173 • CRANBROOK, B.C. V1C 4H7 • TEL/FAX: (250) 426-4315

To: Water protection & Sustainability Branch, Ministry of Environment Nov. 18, 2013

From: Randy Reay

President of Kootenay Livestock Association

Re: Water Sustainability Act

The Kootenay Live stock has reviewed the Grassland and Rangeland Enhancement Program (GREP) Submission seeking "special considerations " within the Water Sustainability Act allowing for timely approvals of Crown Range Tenure enhancements relative to water developments.

KLA is supportive of the GREP comments and thus extends their support for this to be tabled as comments to the Water sustainability Act.

Thank You,

Sincerely,

KLA president
